SEMINAR ON SOFTWARE DEVELOPMENT

Two Senior Software Developers from Royotech GmbH and Schraml GmbH will be visiting UAUT on **Wednesday the 17th of April 2019.**

Royotech GmbH and Schraml GmbH Royotech GmbH and Schraml GmbH are two companies located in Bavaria, Germany with focus on storage solutions and software solutions for wastewater- and water management respectively.

The two visiting staffs have graciously offer to conduct a **seminar** at **12:30pm** on following subjects:

- Continuous integration
- Release process
- Source control system
- Tests

These components are fundamental in the Software Development Process. This is a unique chance to get advice from international professionals who are working in the field. You are hence strongly encouraged to attend the Seminar.

Head of Department
