I am honored and feel a great sense of responsibility to be inaugurated as Chancellor of UAUT. I would like to express my gratitude to those who have established this university and led it to this day. I will do my best to support this university so that it can faithfully fulfill its mission of training leaders for Tanzania and Africa, while thinking of God's will for CTS to take over and manage this university despite difficult circumstances. There is much work to be done to improve the welfare of faculty and students in the future. I hope that we can do our best to recruit excellent students and train elite soldiers for the Kingdom of God while praying together.
